

## Client: Allied Bakeries

- This demolition project was carried out working around a live food processing environment. The scope of works involved partial deconstruction of an existing building to form a new vehicle access into the centre of the site. RVC undertook structural modifications, concrete cutting to break through the floor slab to facilitate the installation of new structural supports. RVC undertook enabling works to allow a new façade to be built up after the works completed. The existing service road had to be built-up with concrete to form a new level access road to connect the front of the building to the new central area for temporary access for installation works

- Sector: Processing
- Location: West Bromwich
- Duration: 5 months (Phased)
- Value: £150K
