

## Client: Boys & Boden

- This was the demolition of the former Bibby's Feed Mill in Shrewsbury, a site that is now occupied by Boys & Boden Builders merchants. RVC were brought in to replace the clients original demolition contractor who negligently set fire to the site resulting in them being prosecuted by the HSE.
- The scope of work was originally to remove just the plant, internal silos and equipment from the building. At a later phase RVC were instructed to remove a chimney and completely deconstruct the existing mill. The building stood 35m high, they removed all cladding and dismantled the steel structure. RVC had to minimise their site operations to reduce any disruption and allow the business to trade as usual

- Sector: Retail / Processing
- Location: Shrewsbury
- Duration: Phased over 3 years
- Value: £250K
