

Central Retail Park Milton Keynes

- Former Comet store this was completely stripped out in advance of the Habitat fit-out. The works included removing all M&E services and equipment, the shop-front, cladding, mezzanine floor and an internal two storey office block constructed from pre-cast concrete. There aren't many retail strip-out projects that RVC use a 21 ton digger on – a rarity -but they used one on this site.
- Sector: Retail
- Location: Milton Keynes
- Floor area: 15,000 ft²
- Duration: 2 weeks
